

# Reindeer Race Logic Puzzle

## First Level

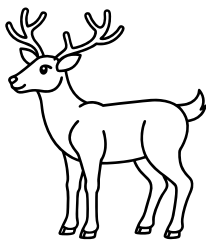

Santa's reindeer are arguing about who would get to lead the sleigh this year. They decide a race would be the fairest way to decide. Use the clues to work out in what order they finish.

- Dancer finished in fifth place.
- Blitzen finished 2 spaces ahead of Dancer.
- Vixen finished 4 spaces behind Blitzen.
- Cupid finished immediately after Blitzen
- Rudolph was in the Top 3, but didn't come first.
- Dasher finished between Dancer and Vixen.
- Comet was pleased to beat Rudolph for once.
- Prancer just managed to finish ahead of the slowest reindeer.

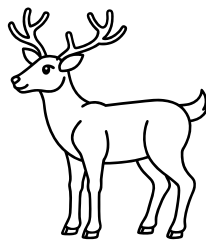

Cut out the reindeer and use them to help you figure out the puzzle.

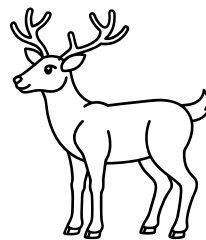

**Dasher**

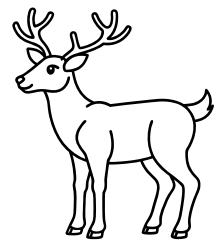

**Dancer**

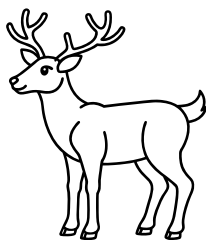

**Prancer**

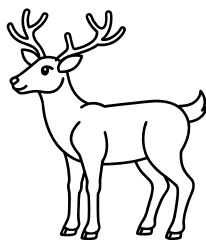

**Vixen**

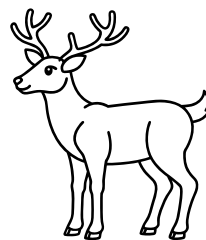

**Comet**

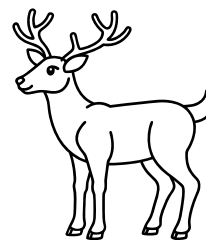

**Cupid**

**Donner**

**Blitzen**

**Rudolph**

**SPOILER ALERT!**

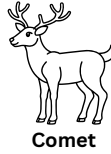

**answers below**
