Sleigh Ride Coding Challenge (advanced)

Coding, also known as computer programming, is how we communicate with computers and tell them what to do. In simple terms, coding is a sequence of commands, for example up, down, left, right.

Can you help Robbie the Reindeer get to his sleigh, by following the sequence of commands?

Some of the commands are missing, so you will need to work out which way to go - if you can reveal the hidden phrase along the way, you will know you are on the right track.

What is the hidden phrase?
Write out the letters below.

— — — — — —   — — —

— — — — — — —

Which one is Robbie's sleigh?
Circle the right colour.
